Pupil Information required for
Department of Education and Skills
Primary Online Database

The Department of Education and Skills is developing an electronic database of primary school pupils called the Primary Online Database (POD) which will involve schools maintaining and returning data on pupils to the Department at individual pupil level on a live system. The database will allow the Department to evaluate progress and outcomes of pupils at primary level, to validate school enrolment returns for grant payment and teacher allocation purposes, to follow up on pupils who do not make the transfer from primary to post primary level and for statistical reporting.

The database will hold data on all primary school pupils including their PPSN, First Name, Surname, Name as per Birth Certificate, Mother's Birth Surname, Address, Date of Birth, Gender, and Nationality. The database will record the class grouping and standard the pupil is enrolled in. The database will also contain, on an optional basis, information on the pupil's religion and on their ethnic or cultural background.
In order to assist with the gathering of data please complete page one and two of this form in CAPITAL LETTERS and return to the school. This form will be retained by the primary school.

The Department has consulted with the Data Protection Commissioner in relation to the collection of individual pupil information for the Primary Online Database. Both religion and ethnic and cultural background are considered sensitive personal data categories under Data Protection legislation. Therefore, it is necessary for each pupil's parent/guardian to identify their child's religion and ethnic background, and to consent for this information to be transferred to the Department of Education and Skills. All other information held on POD was deemed by the Data Protection Commissioner as non-sensitive personal data.
